Student Advantage Scheme

Office 365 ProPlus is now available free to download for students who have Office 365 accounts, i.e. all post-primary students in the 11 Wicklow schools that are currently part of the shared services.

This allows each student to download a fully-licensed copy of **Office 2013** on up to **five** mobile devices and **5 PC's or Mac's**. These are desktop applications, not web versions.

Microsoft has also released full Word, PowerPoint, OneNote and Excel Apps for iPad users. As part of the student advantage scheme above students now have full access to these Apps with full editing privileges. They can logon with their existing email and password.

This gives students access to the same set of productivity tools and services used by Fortune 500 companies all over the world giving our students a competitive advantage entering the workforce.
